Dear Students, Parents, and Teachers,

We are aware that there have been a number of confirmed cases of H1N1 within the Australian International School, and that this number may well grow. For those of you who are Australian citizens, please take note of our contact details (below) in case you require some form of consular assistance (such as help where there may have been difficulty contacting next-of-kin, or information on the location of designated flu clinics in Hong Kong).

You will no doubt be aware of the importance of following the advice of local authorities and seeking medical advice/care if you are unwell or have any flu symptoms. It might be helpful in considering what actions to take to remind yourselves of the information on H1N1 and suggested response measures that can be found at:
